

Theme	Start time	Event	Speaker(s)	Title
	8:30	Breakfast		
	9:00	Welcome/ Introduction	Paul Drain, MD,MPH (Associate Prof, UW)	
TB Transmission and Host Factors	9:05	Keynote (40+10)	Neel Gandhi, MD (Prof, Emory Univ.)	How is TB Transmitted? Some Answers, but Many Questions Remain
	9:55	Short Invited Talk (15+5)	Tess Ryckman, PhD (Gates Foundation)	TB Transmission Modeling
	10:15	Abstract talk (10+3)	Bryce Inman, BS (UW)	Utilizing a Cellular GWAS to Determine the Major Genetic Regulators of Mycobacterium tuberculosis induced Autophagy in Myeloid Cells
	10:28	Poster Previews A	12 presenters, 90 sec each	Poster pitches/previews
Moderator: Paul Drain, MD,MPH (Associate Prof, UW)				
	10:46	Break		
Big perspective	11:01	Invited talk (20+5)	Dan Larson, Shoreline Museum	TB Survivor Talk / TB in WA State/KC across history
	11:26	Abstract talk (10+3)	Jason Simmons, MD,PhD (UW)	Novel PDE4 Inhibitor Mitigates Leprosy Reaction in Nepal
	11:39	Poster Previews B	11 presenters, 90 sec each	Poster pitches/previews
Moderator: Debbie Cross, PhD (UW)				
	11:56	Lunch		
	12:41	Poster sessions A and B		
TB treatment and drug resistance	13:26	Invited Talk (30+10)	Caitlin Reed, MD,MPH (PH-SKC)	Host-Drug-Pathogen Interactions in TB: Clinical Lessons at the Edge of Standard Care
	14:06	Abstract talk (10+3)	Evan Pepper, BS (UW)	Host Oxidative Stress Primes Mycobacteria for Rapid Antibiotic Resistance Evolution
	14:19	NY TRAC Talk (15+5)	Maria Elgrail, PhD (MSKCC)	Mechanisms of G-quadruplex Tolerance and Processing in Mycobacteria
	14:39	Invited talk (20+5)	Darrick Carter, PhD (PAI Life Sciences and Affil. Prof., UW)	Biotech Perspective on Vaccine (M72 pre-GSK, or adjuvants) or Mtb Drug Development
Moderator: Alexa Giovanatti, DO (UW)				
	15:04	Break		
Implementation/ Screening	15:19	Short Invited Talk (15+5)	Yoseph Sorri, MD,MPH,CPH (PH-SKC)	Increasing LTBI Screening and Treatment in Primary Care
	15:39	Abstract talk (10+3)	Renee Codsì, MPH (UW)	Acceptability of Tongue Swabs for Tuberculosis Screening in High-Risk Migrant Communities in Overburdened Settings in Northern Italy: A Qualitative Study
	15:52	Short Invited Talk (15+5)	Duncan Reid, HMC (Ethnomed)	Barriers to LTBI Screening and Treatment: Importance of Cultural Context
	16:12	Abstract talk (10+3)	Tori Tappen, BS (UW)	Germline-Biased $\gamma\delta$ T Cell Recognition of the Mycobacterial Lipid Phosphomycoketide
Moderator: Brendan Mullen, MD (UW)				
	16:25	Closing Statements
